Tim,

I called Don and he said he had bigger issues with the county to handle first. I'm going to a 2 PM meeting today where he'll be presenting his ideas. for Jersey & St. Albans to their trustees and the commissioners..

Don also said the commissioners may not support us not using Granville water and sewer.

Our trustees will be selecting a new trustee next Wednesday. I'm one of five applicants.

We have a Comp Plan meeting tonight at which I'm asking that Weaver be shown as commercial.

Call me if we need to discuss.

Bill
