Subject: Owens Corning Utilities

Don,

This is a follow up to our phone discussion this morning.

Owens Corning (working thru Poggemeyer) seeks to apply to the state for a Job Ready Sites grant by May 15. They have asked for my help in resolving some of the utility questions.

We would appreciate a letter from the Village by Friday indicating two things:

1. Would the Village be willing to continue to supply water to the site, which would be a more intensively developed office park?
2. Would the Village be willing to supply sewer service to the site?

This development would be a significant boost to the tax base of our area.

Thanks for your help and interest in this.

Bill
